the Oregon Short Line to the competition of railroads other than the Union Pacific, that much heralded and oft proclaimed event, will take place today, the rumors of the event having received confirmation which places the story beyond the realm of doubt. FOR SALE, IRRIGATED LANDS UNDER Belmont canal, North Platte valley, Nebraska, on easy payments, in forty-acre tracts and upwards, with perpetual water rights; good crops always assured.

COLUMINAN INVT CO., First Nat'l Bank Bidg. RE-M538 This move in traffic alliances is of the ut-Pacific, of which the Oregon Short Line was formerly a valuable branch. The officials of the Union Pacific, though plainly not relishing the news, generally admit that it is

correct. The full effect is believed to be incapable of any estimate at this time. Asked if the news of the opening of the inson of the Union Pacific yesterday said to a Bee reporter: "While we have received no official advice of such an event, it is our understanding that the Ogden gateway be opened to other roads on June 1. I not predict what the effect will be. I doubt anyone can at this time. There will be probably a conference between the officials the Short Line and the Union Pacific at an early date to make such traffic arrangements as are made necessary by the change After that meeting we shall be better able to tell what the effect of the opening of the

gateway will be."
Freight Traffic Manager Munroe of the Union Pacific said: "In the absence of any official notification of the opening of the Ogden gateway, it would be inopportune to peak of the arrangements that will be made in the freight department. While not doubt-ing the accuracy of newspaper statements, I think it would be unwise to announce changes based upon them alone. Unofficially, understand the report in the morning paper & correct

If you cut it first into four pieces and then later into eight pieces, each fellow is going to get a smaller pieces, each he would have by the first division. The he would have by the first division. The opening of the Ogden gateway merely means that other railroads will compete for the business of the Short Line. The volume of business does not increase with the increase in the number of roads, so that the natural effect is a smaller amount of business for The case is not unlike that existing between here and Chicago. There are four lines. One line might be able to handle all the traffic-two lines most certainly There is an increased expense to operate the four lines, and each line receives but a small share of the business. Unfor-tunately the shipper does not pay the additional expense caused by the operation of a greater number of railroads than are needed

o handle the traffic." General Passenger Agent Lomax of the Union Pacific said: 'I have received no official advice of the opening of the Ogder gateway. I know nothing of it save what read in this morning's leave of The Bee. If the report is correct, it simply means that the other fellows will be let in the Short Line territory. What changes, if any will be made I cannot state at this time." General Traveling Passenger Agent Hutch-son of the Union Pacific said: "If the report is true, that will be quite an important event that will occur tomorrow. Of coarse, it means more to the freight department than it does to the passenger department. It won't bother us much. What traffic we'll

AMBASSADOR CALHOUN DENIES

Says Pepper's Investigations Made on His Own Responsibility. HAVANA, May 31 .- W. J. Calhoun, the United States commissioner who is investigating the death in the prison at Guanabacoa of Dr. Ricardo Ruiz, a naturalized American citizen, was interviewed today with reference to the article in the Diaro de la Marina, making an indirect attack upon the commissioner, by criticizing articles which have appeared in a Washington newspaper over the signature of Mr. Pepper, who accompanied Mr. Calhoun to Cuba. Mr. Cal

"Mr. Pepper is in no way connected with the commission. On the contrary, he came to Havana on his own responsibility, as other correspondents might have come. No secrets of the commission have been divulged, no: has any special information been supplied to him which was not obtainable by other correspondents. I suppose Mr. Pepper's information was gathered from special information or from hearsay."

WASHINGTON, May 31.-The attempt o a Havana newspaper to impugn in advance the report that will be made to the presiden by Special Commissioner Cathoun, by means of an attack upon the letters which have been printed as coming from Mr. Pepper, has had the effect to arouse the friends of the newspaper man to his defense. Mr. Pepper's letters have been printed in the Wash ington Evening Star, so they have fallen directly under the eye, not only of congress but of the members of the diplomatic corps resident in Washington, and have doubtless been used as a basis for reports to their own governments. They have atracted more at tention than would have been accorded to similar communications from other sources because of Mr. Pepper's high characte among newspaper men, and his reputation for impartiality in the pursuit of his business

Throughout local rallway circles the news the property was in a condition approaching stagnation and although the public realizes that the greatest care is necessary in the construction of a bill of such vast importance, the people were beginning to complain of the time being consumed. What they must wanted was the property and the property was the property of the mas quietly received, no great surprise being most wanted was the prompt passage of a manifested. The fact that the officials of tariff bill that would produce sufficient reve-

After the New York meeting broke up without any traffic agreement being reached and after the further attempt at Chicago to patch up matters failed, rail-roaders generally were prepared for the news line in December.

Mr. Thomas J. Kelly gave a concert last evening at the First Methodist church to raise a fund with which to remodel and enlarge the choir loft, Mr. Kelly was assisted by Mrs. Martin Cahn, Mr. Homer Moore, Mr. Jules Lumbard, Mr. Hans Albert, Miss Mae L. A. Welsh, local forecast official for the Robinson, Mr. Conklin, Mr. Barton and by Weather bureau, has issued a statement of the Mondamin Choral society. The church the climatic and atmospheric conditions for was well filled by a most appreciative audi-

Entertainment Sustains His Reputa-

Mr. Kelly has been connected with the First Methodist church for several years, and has striven constantly to build up the music of the service and make it a power country ought to experience during this for good in this city. He has used his great month. talented singers, and it speaks well for his influence when he is constrained to give a concert that he may have more room for his choir.

The concert given last evening was above

the average in its excellence. Several of the best known artists in the city were glad to show their appreciation of Mr. Kelly's untiring energy and give their best services If there is any department of music which needs their united aid it is church music, and when one does put his shoulder to the wheel it is for the mutual interest of all to assist him

As an organ player Mr. Kelly displays considerable technique, rather original ideas regarding registration, good judgment in his selections, especially, all things considered, in the "Prayer and Cradle Song," a beautiful selection by Guilmant, and appropriate to the occasion.

Mr. Kelly also showed much skill in leading the Mondamin society with his playing The clear rythmical effects that he produced were a sure guide, which his well-traine chorus followed without any difficulty. His fore-ight is very good, just at this time, too, for he has the Mondamin well trained in Sullivan's "Oh, Hush Thee, My Baby," and was able to insert it in the program instead of the quartet, which the Trinity choir was

to have sung.
Mr. Lumbard sang the "Pirates" as mos representative of his feelings after a return from Chicago. His invitation (the Pirate's) to have one with him would doubtless have been accepted had the concert not been in a church. Lambard always sings well and is always enthusiastically received.

Mr. Homer Moore sang "The Prologue" to

Pagliacci." by Leoneavello, and "The Prize "from "Dei Meistersinger," by Wagner, with the ease and musical conception which characterizes his work. Mr. Hans Albert was at his best and responded to a double encore, the last num-

ber of which was a sort of improvisation upor the melodies of "Old Folks at Home" and "Home, Sweet Home," in which his render-ing of a phrase of the latter melody in harnonles was especially beautiful, and drew tears from the eyes of at least one lonely Mrs. Martin Cahn sang the "Villanelle

by Dell 'Acqua, a florature song embracing a compass o' over two octaves and requiring great technique. It is needless to say that Mrs. Cahn sang it well. Her recent sojourn in Chicago has resulted in an improved style and better placing of her extreme upper notes. She is an artist of whom Omaha has every reason to be proud. As an encore she sang "Dreams," by Bartlett. The concert closed with the chorus in the

Ex-Treasurer Bartley Will Be Tried in Douglas County.

The plea in abatement offered by the at torneys for Joseph S. Bartley, who is now before the district court of Douglas county funds, was heard by Judge Baker yesterday County Attorney Baldrige represented the state, and T. J. Mahoney of Omaha and C. O. Whedon of Lincoln appeared for Mr. Bart-

ley. The evidence was largely a rehash of circumstances that have previously figured if it were found that the population was over BERLIN, May 31.—The lower house of the Diet was crowded today upon the occasion been called upon to answer a criminal charge could be compelled to raise the saloon license in the case. in the Douglas county courts when similar proceedings against him were pending in the county court of Lancaster county, and on account of the further allegation that that it would apply only to social democrats and anarchists, which was rejected by a in this county. The arrest that as the commit and anarchists, which was rejected by a and anarchists, which was rejected by a vote of 206 to 193, was reintroduced today continued all afternoon and till 10:30 last

Judge Baker then decided that the case in Lancaster county had been dismissed, and being dismissed the cause for abatement was removed. He then held that the case against Bartley in Douglas county must

Bee: As you devoted space to an article upon the contest held last Thursday by the Paiges, in which a most unjust and uncalled for attack is made upon, one of the contestants, I trust that you will allow me to contradict the statements made. The first charge is that one of the judges, Mr. McCarthy, taught the winner, and acted as prompter. Either the writer is misinformed or guilty of falsification. The statement is wholly false. Mr. McCarthy had nothing to wholly false. Mr. McCartny was do with the preparation of the piece, and did not act as prompter. Secondly, it is urged that one of the judges is a classmate of the speaker. This is true. One of the judges was a classmate, but acted as judge judges was a classmate, but acted as judge graves were properly decorated.

Finally, it is asserted that Mr. Madden was far excelled by other contestants, who had to be satisfied with second and third places. If Mr. Warde had friends or relatives in the contest this is but a near way of the merchants displayed flags in front of the merchants displayed flags in front of in the contest this is but a poor way of showing his disappointment. If not, then by questioning the decision of the judges he reflects correspondingly upon their competency, when all know they were well quali-fied. These judges were chosen by the audience. If Mr. Warde had any objection to them, why did he not, while there was yet time, make it, and have others take their places? But to wait patiently until all is over, until Mr. Paige, who had charge of the affair, had left the city, is hardly acting justly to the one attacked. To attack one judge is to attack them all, since their decision in the matter was unanimous and gave to each one his due.

Caldwell took occasion to roast Pete Lenagh, the city scavenger, for charging for work never done and for overcharging for work done. The reason for this was the effort made to get an ordinance introduced to assess a special tax against certain property from which, it was alleged, garbage had been removed. No agreement could be reached in regard to this ordinance

and the matter went over for one week. Barrett wanted the price to be charged for water regulated by ordinance, and he made an effort to have an ordinance to that purpose drafted by the attorney. In de-fense of his motion Barrett said he had an idea that the city has been robbed by the Omaha Water company, and for that reason he wanted the charges regulated be-
